

ARTreach

INSTRUMENT LENDING PROGRAM

The ARTreach Instrument Lending Program provides a student, who could not otherwise afford one, the opportunity to learn a musical instrument. In concert with school administration, instructors and staff, the Tippecanoe Arts Federation loans instruments to students that can be borrowed for the entirety of the students' enrollment in school band and orchestra.

Donate your instrument to TAF!

Donate your used instruments to give youth the opportunity to participate in the joy of music and the arts! Instruments can be in any condition.

ARTreach Instruments in the Attic Donation Program

Through a generous grant from North Central Health Services, TAF is able to purchase a new instrument for every single instrument donated to us by the community, regardless of the donated instrument's condition. In other words, by donating your broken tuba to TAF, we will be able to purchase a second, working instrument for a student in need!

ARTreach Instrument Petting Zoo

Some instruments that have been contributed to the ARTreach program become a part of the Instrument Petting Zoo. These instruments are taken to various festivals, events, and schools to provide first exposures to young people throughout our communities. Contact TAF if you'd like the Instrument Petting Zoo to visit your next event!
